CoE Curriculum Com vote was for approval for each CARF via email. re: IOE 265 366 Course Profiles, a comment from one of the CoE CC members was shared with IOE via email. kmv 2/12/15. The following is the comment:
 ""Understand" and "Appreciate" are not considered good Objectives, as it's unclear how one would assess "Appreciation." I would suggest to them that what a student is supposed to DO to demonstrate such "understanding" and "appreciation," should be listed as Objectives."

Good Morning All,

Today's agenda consisted of three(3) CARFs and a Math 105 proposal.

Therefore, the meeting today is cancelled.

The Math 105 proposal will be moved to the February 17, 2015 agenda; along with any possible discussion items from Prof. Noble.

I AM ATTACHING THE THREE(3) CARFS for you review/comments and to see if this can be handled through email vote.

Please review the CARFs, share your comments and/or vote if you approve the support of the CARF.

CEE 230 -- effective FT 2015: modification to course title/description

IOE 265 -- effective FT 2015: modification to course description/credit hours

IOE 366 -- effective FT 2015: modification to course description/credit hours

Finally, please let me know if you feel there is a need for a joint meeting with the LSA Curriculum Committee, and what topics you would want on this agenda.

Thank you.
